Education

J.C. Bose University of Science and Technology , Master of Computer Applications	Aug 2023 – June 2025
<ul style="list-style-type: none">• CGPA: 8/10• Coursework: Operating System, Computer Networks, Object Oriented programming, Database Management System	
Maharshi Dayanand University , Bachelor of Science (B.Sc)	June 2020 – July 2023
<ul style="list-style-type: none">• Division: 2nd• Coursework: Introduction to C, Statistics, Calculus, Linear Algebra	
Senior Secondary (Class XII) , CBSE	74%
Secondary (Class X) , CBSE	7.2

Experience

Frontend Developer Intern , Insightful Hub - Bengaluru	Jan 2025 – June 2025
<ul style="list-style-type: none">• Built a Franchise Management dashboard using React.js and Tailwind CSS with clean UI and responsive design.• Built and integrated dynamic UI components using React.js and Tailwind CSS for forms, charts, and data tables.• Engineered RESTful API integrations within the Franchise Management dashboard, leveraging React hooks and context to streamline data flow and minimize latency by 15% impacting user experience.	
Full Stack Developer Intern , AventIQ - New Delhi	May 2025 - Present
<ul style="list-style-type: none">• Built and customized 10+ reusable and interactive UI components in React.js to display application data with status-based conditional views, improving user experience and interface consistency across the platform.• Integrated 6+ RESTful APIs to fetch, update, and filter candidate data in real-time across multiple application stages, resulting in a 30% improvement in tracking efficiency and user workflow accuracy.• Implemented scalable serverless backend functions using AWS Lambda to handle business logic and data processing, significantly reducing API response time and minimizing traditional server overhead.	

Projects

Chat App [Koo-Koo]	App Link
<ul style="list-style-type: none">• Built a real-time chat web app using React, Node, Express, and MongoDB with secure WebSocket integration.• Developed over 5+ RESTful APIs for user authentication, conversations, message handling, and user presence.• Managed data using MongoDB, designing 3+ schema models including users, chats, messages, and contacts.	

Skills & Technologies

Programming Languages: Java, Python, C++, SQL, JavaScript, HTML5, CSS3

Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS

Database & ORM/ODM: MongoDB, MySQL, Mongoose (ODM), Prisma

Tools: Git, GitHub, Postman, AWS Lambda, MongoDB Atlas, Unix Shell, Linux

Soft Skills: Communication Skills, Problem-Solving, Team Collaboration, Time Management
